

# Sealed with a Kiss!?

*Original lyrics plagiarised by Fat Controller*

**Verse 1** Oh, it's really been a long, lonely summer  
Baby, I promised you this  
I've sent you every day  
A short wave radio message  
Sealed with a kiss

**Verse 2** Yes, it's really been a long, lonely summer  
And I've been filled with emptiness  
I've sent you every day  
Over the airwaves - a message  
Sealed with a kiss

**Middle 1** I've seen you in my wet dreams  
I've heard your 'On - On' everywhere  
I've run to tenderly hold you  
But Underlay, you've been elsewhere!

**Verse 3** Now it's come to the end of the summer  
And your embrace - I've lovingly missed  
Now I'm counting every day  
Till the end of September  
To seal our love - with a kiss.

**Middle 2** My Yagi's been erect every morning  
I've emitted my messages everywhere  
I've whined and howled 'cause I've missed you  
But Rainbow and Lilly don't compare!

**Verse 4** Now it's come to the end of the summer  
And your embrace - I've lovingly missed  
Now I'm counting every day  
Till the end of September  
To seal our love - with a kiss.

Oh - Err!?
